

Dear(MP)

With the horrific events dominating the media regarding the atrocities committed in the name of Islam, I wish to share with you my concerns about radical Islam. While the number of violent incidents in Europe are much higher than they are here, that is simply due to the fact that the Islamic populations in Europe are much larger and more established there than here.

The reality is that if our country's leaders remain silent on this issue, one of two extreme results will occur: either the violence of Europe will spread to Canada unchecked, or else a fundamentalist reaction will arise, as we see in some parts of Quebec already.

There is a principled way forward however, that is neither reactionary nor cowardly. I hope you can bring this to the attention of our minister of public safety and the cabinet with recommendations to begin implementing policy changes regarding immigration and the sustaining of our Judeo/Christian based culture. May God give you the courage to help keep our land glorious, free and secure.

Sincerely yours,
SIGNATURE
